WHEREAS, common land for a tennis court, bathhouse, multi-purpose court, swimming pool and recreational, buffer areas, and all that part of the property not within the 100 lots has been reserved as indicated on said plat in Rush Creek Subdivision, and

WHEREAS, there may be designated, established and recited on the recorded plats of Rush Creek Subdivision certain streets, sidewalks, common land, easements, and any other non-public items which are for the exclusive use and benefit of the residents of Rush Creek Subdivision except those streets, sidewalks or easements which are or may be hereafter dedicated to public bodies and agencies, and which have been provided for the purpose of constructing, maintaining and operating sewers, pipes, poles, wires, storm water drainage, and other facilities and public utilities for the use and benefit of the residents of Rush Creek Subdivision; and

WHEREAS, it is the purpose and intention of the Indenture to preserve the remainder of said tract of land as a restricted neighborhood and to protect the same against certain uses by the adoption of a sound urban environment plan and scheme or restrictions, and to apply that plan and scheme or restrictions to all of said land and every parcel, including all common land, and mutually to benefit, guard and restrict future residents of Rush Creek Subdivision and to foster the health, welfare, safety and morals of all who own or reside in said area, and,

12) In the event it shall become necessary for any public agency to acquire all or any part of the property herein conveyed to the Trustees, for a public purpose, the Trustees, during the period of Trust as well as the times fixed for the appointment or election of Trustees, are hereby authorized to negotiate with such public agency for such acquisition and to execute instruments necessary for that purpose. ### **INDENTURE OF RESTRICTIONS**

The party of the First Part, being the owner of the following described real estate lying and being situated in St. Louis County, Missouri, and being more particularly described in Exhibit A attached hereto and made a part hereof, by this Indenture does impose upon all lots and common land in Rush Creek Subdivision, the following restrictions and conditions to-wit:

1. Terms: These restrictions shall run with the land and shall be binding on all parties and all persons claiming under them for a period of fifty (50) years from the date these covenants are recorded, after which time these covenants shall be automatically extended for continuing successive terms of ten (10) years each unless an instrument, signed by the then owners of a majority of the lots in all plats of Rush Creek Subdivision has been recorded, agreeing to change these covenants in whole or in part.

2. Land Use and Building Type: All lots in Rush Creek Subdivision shall be used only for single-family residential dwellings, approved by the Trustees, each dwelling being occupied as a residence, either by one (1) family or by not more than four (4) unmarried individuals of the same sex.

3. Dwelling Cost, Quality and Size: The constructions cost of each residential dwelling in Rush Creek Subdivision shall not be less than Twenty-Seven Thousand (\$27,000.00) Dollars based upon cost levels prevailing on the date these covenants are recorded, it being the intention and purpose of the covenant to assure that all dwellings shall be of quality and workmanship and materials substantially the same or better than that which can be produced on the date these covenants are recorded at the minimum cost stated herein for the minimum permitted dwelling size. The living area of the main structure, exclusive of one-story open porches and garages, shall be not less than 1,000 square feet.

4. Placement of Improvements: Buildings shall be placed on lots only in the manner approved by the Trustees, subject to terms and provisions of Article III, Paragraph 7, and in conformity with the building lines as established by Exhibit A, attached hereto and made a part hereof.

5. Easements: Easements for installation and maintenance of utilities and drainage facilities are reserved as shown on the recorded plat and over the rear five (5) feet of each lot. Within these easements, no structure, planting or other materials shall be placed or allowed to remain which may damage or interfere with the installation or

maintenance of utilities, or which may change the direction of flow of drainage channels in the easements, or which may obstruct or retard the flow of water through drainage channels in the easements. The easement area of each lot and all improvements in it shall be maintained continuously by the owner of the lot, except for those improvements for which a public authority or utility company is responsible.

Through construction, settlement or shifting of any building, should any part of a dwelling encroach upon any common element or upon any other dwelling, perpetual easements for the maintenance of any such encroachment and for the use of the space required thereby are hereby established and shall exist for the benefit of the dwelling owner of the common element, as the case may be, PROVIDED HOWEVER, that no easement shall be created in the event the encroachment is due to the willful conduct of the apartment owner. Further, regarding all dwellings which share common walls, each owner on either side of the common wall will own the entire interior surface of the common wall extended to a depth of one-half (1/2) of the thickness of the entire common wall and also owns a perpetual easement for the use of structural support, running with the land, appurtenant to all dwellings, to the other one-half (1/2) of the same wall.

6. Signs: No sign shall be erected or displayed in public view on any lot except the one (1) sign, not larger than five (5) square feet, advertising the property for sale or rent, EXCEPT, THAT, any sign may be erected by the Party of the First Part in the development of the subdivision. Should the Party of the First Part not develop all the lots and should he convey lots to other builders, the Trustees may grant such other builder or developers the right to place suitable signs on lots and at the entrances of Rush Creek Subdivision during construction and prior to initial sale of the building constructed thereon.

7. Animals: No animals, livestock or poultry shall be raised, bred or kept on any lot, EXCEPT, THAT, two (2) household pets may be kept, provided they are not maintained for any commercial purpose.

8. Fences: Fences on owners' lots are prohibited unless the written consent of the Trustees as to locations, materials used and heights of fence is obtained. The decision of the Trustees shall be conclusive.

9. Vehicles: No abandoned cars, motorcycles, jeeps, trucks or motor vehicles of any kind whatsoever that are unable to move under their own power or boats or recreational vehicles or commercial trucks or large vans may be stored or suffered to remain upon any of the streets, common ground or the lots of this subdivision. If the above said vehicles and boats are so stored or remain on the aforesaid premises, Trustees shall take the necessary action to remove same.

10. Liability of Trustees: Trustees Not to be Compensated: The Trustees shall not be personally responsible for any act in which they are empowered to exercise their judgment and discretion, and shall only be held accountable for their willful misconduct. They shall not be required to expend any money for payment of taxes, maintenance of common ground, courts, clubhouse, swimming pool, storm and sanitary sewers, parkways, street lighting or any other improvements, or any other non-public items in excess of the assessments collected by them. They may retain a reasonable cash

reserve from such assessments and expend only such sums for maintenance and improvements as they, in their sole discretion deem necessary. Neither the Trustees nor their successor Trustees shall be entitled to any compensation for services performed pursuant to this covenant.

11. Slope Control Areas: Slope control areas are reserved as shown on the recorded Subdivision Plat. Within these slope control areas, no structure, planting or other material shall be placed or permitted to remain, or other activities undertaken which may damage or interfere with established slope ratios, create erosion or sliding problems, or which may change the direction of flow of drainage channels or obstruct or retard the flow of water through drainage channels. The slope control areas of each lot and all improvements in them shall be maintained continuously by the owner of the lots, except for those improvements for which public authority or utility company is responsible.

12. Sight Distance at Intersections: No fence, wall, hedge, or shrub planting which obstructs sight lines at elevations between 2 and 6 feet above the roadways shall be placed or permitted to remain on any corner lot within the triangular area formed by the street property lines and a line connecting them at points 25 feet from the intersection of the street property lines extended. No tree shall be permitted to remain within such distance of such intersections unless the foliage line is maintained at sufficient height to prevent obstruction of such sight lines.

13. Front: All garage doors shall be kept closed and no hanging laundry or clothes or other obstructions shall be placed on or about the front of the lots.

14. Amendment: This Indenture of Trust and Restrictions and any part thereof may be altered, amended or discontinued by a written agreement signed by the then record owners of the fee simple title of two-thirds (2/3) of the lot owners in the subdivision then included under the terms of this Indenture or until 100% of the lots are sold, said Indenture may be amended by the Trustees. Any such amendments, alterations, change or discontinuance shall, when duly certified and acknowledged by the Trustees and recorded with the Office of the Recorder of Deeds for the County of St. Louis, Missouri, become a part of the provisions and restrictions of this Indenture, provided, however, that any such amendment, alteration, change or discontinuance shall require the consent of the Party of the First Part so long as it is an owner of one lot in any plat of Rush Creek Subdivision. Any amendment so adopted prior to the completion of the Development shall be reviewed by the proper authorities.

The Trustees shall have the right to add additional tracts of land which shall be subject to the terms and provisions of this Indenture of Trust and Restrictions and whose owners shall have the right to use the common ground, lakes, streets, and all other non-public items and those owners of lots in the tract of land described in Exhibit A shall have the right to the use of the common ground, lakes, and other non-public items of any tracts of land that the Trustees may add.

15. Invalidation: Invalidation of any of these covenants of this Indenture by judgment or court order shall in no way affect any other provisions hereof, which shall remain in full force and effect.

The Indenture of Trust and Deed Restrictions and Amendments are provided as a courtesy. Certified copies can be obtained from the St. Louis Co. Recorder of Deeds.

16. Enforcement: Enforcement shall be by proceedings at law or in equity against any person or person violating or attempting to violate any covenant either to restrain violation or to recover damages.

17. Liens: All liens against any and all of the property of Rush Creek Subdivision shall be secondary to an FHA mortgage or any other first mortgage.

[See Amendment 1]

18. Damage and Reconstruction: In case of fire or any other disaster the insurance proceeds, if sufficient to reconstruct the dwelling on the owner's lot or any building on the common land shall be applied to such reconstruction. Reconstruction of the building, as used herein, means restoring the building to substantially the same condition in which it existed prior to the fire or other disaster, with each unit and the common elements having the same vertical and horizontal boundaries as before. If the dwelling on the owner's lot is not reconstructed within 180 days from the date of damage or destruction, the Trustees shall have the right to reconstruct said dwelling unit and charge the record owner all costs incurred including but not limited to the actual reconstruction costs, the removal of debris, all overhead at 20% of the actual building costs and an additional 20% service charge of said costs for their services.

19. Cul De Sac Islands: No above-ground structure, other than required street lights, may be erected within a cul de sac island or street median without written approval of the Director of Highways and Traffic of St. Louis County, Missouri.

WHEREAS, there is a certain Indenture of Trust and Deed Restrictions governing the subdivision of Rush Creek, said instrument being recorded in Book 6842, Page 2131, of the St. Louis County Recorder's office, and

WHEREAS, the undersigned, as Trustees of said Indenture, are granted the right and authority to amend and alter the said Indenture and provisions thereof by Article V, Section 14, of said instrument, and

WHEREAS, the Trustees desire to amend and alter Article V, Section 18, of said Indenture.

NOW, THEREFORE, in consideration of the premises and of the mutual promises, covenants, agreements and powers granted the Trustees in this instrument and in the Indenture of Trust and Deed Restrictions of Rush Creek, the Trustees hereby amend said Indenture of Trust and Deed Restrictions in the following manner:

1. Article V, Section 18, shall be stricken in its entirety and in place thereof, the following shall be inserted and shall heretofore be known as Article V, Section 18, and shall read as follows:

"Each owner of a parcel of property in the subdivision of Rush Creek, by acceptance of the Deed of Conveyance to said property from the Developer or from any other persons, consents, covenants, and agrees as follows:

a. In the case of fire or other disaster which in whole or in part destroys the owners building, any insurance proceeds payable to said owner by reason of said fire or other disaster, shall be assigned to the Trustees hereof and said Trustees, if said proceeds are sufficient, may apply same to the reconstruction of said building. "Reconstruction of said building" as used herein means the restoring of the building to substantially the same condition in which it existed prior to the fire or other disaster.

In order to effect the purpose and intent of this provision each owner shall cause his insurance policy to be endorsed in such a manner that the proceeds thereof shall become payable to the Trustees of this Indenture for the purpose set forth herein.

b. In the event that the insurance proceeds are insufficient to reconstruct said building, or the Trustees elect not to reconstruct said building, the insurance proceeds shall be paid over to the owner of the building without restriction.

The Indenture of Trust and Deed Restrictions and Amendments are provided as a courtesy. Certified copies can be obtained from the St. Louis Co. Recorder of Deeds.

c. Each owner further agrees to produce a certificate of insurance upon demand by the Trustees, and at least annually, setting forth sufficient insurance coverage against fire and other disaster to provide for the reconstruction of said owners building as herein defined, and bearing an endorsement as set out in subparagraph (a) above.

In the event that any owner fails to comply with the provisions above, and does not produce the required certificate of insurance, or produces a certificate in an amount that is, in the Trustees best judgment, insufficient for the purposes contained herein, the Trustees may secure a policy of insurance in an amount sufficient to provide the necessary coverage as contemplated hereunder, and they may assess the cost thereof against the owner of the building. Said assessment shall be subject to all the terms and conditions of Article IV pertaining to assessments of the Indenture of Trust and Deed Restrictions of Rush Creek.”

IN WITNESS WHEREOF, the parties have hereunto executed this Amendment the day and year first above written.
